David Irwing/Albert Smith Irish police Investigation REF:GSOC 630170-03-15

According to press and internet sources Author David Irwing recieved a three year sentence for anti-semitic offences. Albert Smith Irish Independent journalist can be found upon David Irwings disturbed Reichsmarschall web site promoting "banned" fascistic publications where such items can be purchased. In his own words Smith callously and insensitively introduces Irwings "Goring Diaries" with the most medically inept and horrific of introductions. "gorings biography is unlikely to raise hackles".

Other disturbing promotional statements that appear upon this site include "this book is a goldmine for aficionados of nazi germany". Infact the entire site is a promotional site of fascism and the very collection of books written upon the subject by Irwing that he recieved a prison sentence for producing, later described by Smith smugly as his "Scholarship".

Smith apparently appears upon this site courtesy of the Irish Independent and more bizarrely under authorization of Smith himself (otherwise presumably some form of court proceedings would be pending against this journalist and this site itself). Smith carries on with his description of Irwings collection with the promotional sell of "provokes controversy" a statement upon a far right wing site like this can only be seen to be promoting a form of endorsement as the type of person(s) who purchase "banned" books from this site are obviously of a certain fascistic persuasion that will obviously "read" into such propagated lineage with a sick interest (anything that provokes controversy in the minds of potential buyers is more likely than not to be a selling point.)

From an anti-fascist perspective Smith is obviously demonstrating his real motives and complete understanding as to the need and necessity for the purpose of, promotion of and the production of these "banned" books from the twisted minds of the higher order. As well as the long term damaging effect of particularly emphasizing the conflicting controversy created by these sick items Smith can not in any way at all claim his innocence to the content of such "banned" books and there thousand and one misuses, as he is very much aware that David Irwing cant be expected to be seen in literacy circles as some sort of lone wolf, Irwing has become an icon to fascists around the world since being sentenced and is part of a larger "sinister" network of self confessed fascists that continually produce propoganda that is seen as an essential part of modern day fascist parties and organizations that globally are monitored and watched by organizations within and connected to the United nations and Mossad (the Israel intelligence Service).

To consent to write such a review and to consent to allow it to help sell such vile propoganda on the understanding that it is blatantly anti-semitic is unforgivable, and beyond negligence and complete dereliction of duty of any alleged normal national union journalist or alleged normal human being, his own reserved judgement upon the contents of these books describe as Irwings "Scholarship" sells like a self proclaimed authority upon such matters and is an obvious stumbling block attributed to his guilt, because without production of his written review Irving himself would not be able to promote and profit from the sale of his books from this site, the final nail in the coffin arises from the journalist self explanatory confession "one cannot fail to be impressed by the painstaking thoroughness of Irwings scholarship". This statement makes you ponder on whether Smiths idiosyncratic delusions are shining through in his own foerseen projected propoganda as a closet admirer, further evidence to summise that the coffin lid has finally closed upon Albert Smith in describing Irwings latest book as a "good offering"
